Come join artist/instructor Cathy Ambrose Smith, from Fredericksburg, Va for a fun-filled, one-day workshop learning the “push method” of mosaics using found objects and thin-set mortar adhesive (no grouting necessary).

Create a textured, 3-D, whimsical flair piece of art work with found objects along with some traditional mosaic tiles. No art or mosaic experience necessary.

Enjoy creating your own, unique 12 x 12 -inch mosaic wall hanging using a variety of goodies. Students may use materials provided or bring their own to include in the designs. Handouts provided.

Experimenting with composing a piece of art from found, unique items will teach you something about mixed media and how to add an artistic, creative look to your one of a kind work of art!
